Glacier A 15

Architectural & Decorative
Lighting

COMPANY PROFILE

SNOWBALL LIGHTING “Glacier” for more than 20 years of experience in providing the local Architectural and Design communities with lighting solutions for any and all interior, commercial, and industrial applications. American-made that designs, engineers, and manufactures quality LED lighting, decorative, architectural, and commercial, in Texas.

Our mission is to develop and produce high efficient, attractive, unconventional and of the highest quality products that has capacity to affect our physical and emotional comfort. We also ensure that our products reach the highest standards when it comes to safety, reliability, and value for the user. To achieve this, our company relies on the personal commitment, experience, dedication and expert skills of everyone in the organization.

Many of our products have obtained CE, RoHS, UL, CUL, certificates. Our technology is unparalleled in the industry and our quality, testing and performance are second to none.

Our ambitious lead times allow for your peace of mind that your project will be completed in a timely manner, without sacrificing quality.

Let us work together to achieve your design goals. We truly believe that you will enjoy working with us and hope that our businesses can both “Snowball” together.
